

University Undergraduate Research and Arts Forum (UURAF) Performance Presentations

Performance demonstrations allow students to present their scholarship through the production or performance of artistic work such as dance, music, or theater. Performances will be no more than 15 minutes in length, which includes a brief introduction that sets a framework for the presentation. There will be an additional 5 minute discussion period at the end of the performance that allows the judge and audience to ask questions and comment on the demonstration.

Every reasonable effort will be made to preserve the integrity of each performance.

The following equipment may be available to students participating in this category:

- Stage [8 ft (2.4 m) deep x 12 ft (3.7 m) wide]
- Baby grand piano
- Music stands
- Small space in front of the stage [15 ft (4.6 m) wide x 12 ft (3.7 m) deep]
- Microphone
- CD player
- Laptop computer with PowerPoint and Speakers

The time and location of a student's performance will be sent to participating students once all applications have been received and the Forum schedule is determined. We try to schedule performances with similar themes or mediums together.

Please note: The MSU Union does not permit affixing anything to the walls, floors, doors, door frames, staging, stage curtains, draperies or ceilings with nails, staples, tape or any other substance. The use of paint, glitter, crepe paper, confetti, and other similar materials is also not permitted. Also, additional lighting (i.e., spotlights) beyond what is already in the room is not available.
