

# Mid-SURE FAQs: Registration

How do I register to present?

The registration process is completed [online](#). If you have problems with the online registration system, please email us at [ugrsrch@msu.edu](mailto:ugrsrch@msu.edu). Registration is due on July 12, 2020 at 11:59 PM Eastern.

Am I eligible to present at Mid-SURE 2020?

Mid-SURE serves students who are MSU undergraduate researchers, recent MSU graduates, visiting students participating in MSU summer research programs, and students from regional institutions in central and lower Michigan.

How do I register for Mid-SURE with my undergraduate research group?

One person will physically register for Mid-SURE and will add the other group members as co-presenters before submitting the registration form. The option to add co-presenters is built into the Mid-SURE registration process as step four (4) out of the five (5) step process

Can I still apply if I am still in the early stages of my research?

Yes. Your research project does not have to be completed to be considered. Many students present ongoing research with preliminary results or anticipated findings. Students also submit to present knowing that by the time presentations are due (August 2nd, 2020 at 11:59 PM Eastern) more results will be obtained.

Can I register for more than one research project?

Yes. Mid-SURE participants are permitted to participate in a maximum of two (2) Mid-SURE programs if the research is distinct from each other.

Can I submit the same presentation (title, abstract, poster) as UURAF 2020?

Yes. We highly encourage students who submitted abstracts for UURAF 2020 to resubmit their research to Mid-SURE 2020. Please note a pre-recorded voiceover PowerPoint presentation of no more than 5 minutes is required. This presentation will be submitted as a YouTube link. Additionally, there is no "oral" format for Mid-SURE 2020, so participants will need to follow guidelines for [poster presentations](#).

Do I have to have my presentation complete to register for Mid-SURE 2020?

No. Presenters may register for Mid-SURE 2020 without having already completed their presentation. Once their presentation is complete, presenters will open the presenter portal ([same link as registration](#)) and add the YouTube link. This action must be completed by 11:59 PM Eastern on August 2nd in order to participate in Mid-SURE.
