Undergraduate Research  
& Creative Activity

## Next steps to find a research opportunity

- Attend a workshop by the Office of Undergraduate Research & Creative Activity | <https://urca.msu.edu/events>
- Sign up for a peer advising session with an undergraduate research ambassador | <https://urca.msu.edu/ambassadors>
- Search "research" on Handshake to find research job postings
- Meet with your current professors or academic advisor about research opportunities
- Browse Neighborhood poster displays to see examples
- Look through past UURAF program books to narrow your research interests | <https://urca.msu.edu/uuraf/past>
- Browse department directories and email faculty whose research interests you
- Look into Education Abroad programs with a research component
- Talk with your peers about their research interests or current projects
